

Luxul Wireless

12884 S Frontrunner Blvd Suite 201 Draper Utah United States 84020

Declaration Letter

Date: 2018/9/18

FCC ID: W59XAP1610

To Whom It May Concern:

The radio design of the BCM4366E WG is the same as the BCM4366E WIG for 802.11a/b/g/n/ac functions. There is no change in terms of the HT20/40 and VHT/20/40/80 modulations. The two chips are pin to pin compatible in the 12x12mm package.

Different part numbers are used to identify parts produced out of different manufacturing locations

Sincerely,

Applicant's company name : Luxul Wireless

Applicant's company address : 12884 S Frontrunner Blvd Suite 201 Draper Utah United States
84020
